PROFESSIONAL SUMMARY

Experienced Frontend Engineer skilled in building scalable, high-performance web applications with React.js, Next.js, and TypeScript. Proven ability to optimize performance, enhance UI/UX, and manage complex state. Strong in API integration and agile team collaboration. Passionate about delivering impactful, enterprise-grade solutions.

WORK HISTORY

Digialpha - ***Sr. Software Engineer***
Pune, Maharashtra • 10/2021 - Current

- **Technical Leadership:** Mentored 5 junior developers, enhancing **code quality (↑30%)**, reducing **bugs (↓20%)**, and improving **deployment efficiency (↑25%)**, ensuring **on-time completion of 3 major projects**.
- **Project Execution & Collaboration:** Partnered with product managers, designers, and developers, achieving **95% on-time project delivery** while reducing **integration issues (↓30%)** and aligning project goals for **20% faster execution**.
- **Scalable Architecture:** Designed **high-performance front-end architectures**, improving **load times (↓40%)** and cutting **maintenance costs (↓25%)** through strategic framework selection.
- **Issue Resolution & Optimization:** Diagnosed and resolved **complex technical issues**, reducing **downtime (↓40%)** and enhancing **system reliability (↑25%)**.
- **Key Achievement:** Architected a custom React + TypeScript component library containing 60+ modular UI components, shortening development cycles by 30% and decreasing front-end code inconsistencies found in code reviews.

Dogra Technologies Pvt. Ltd. - ***React Developer***
Pune, Maharashtra • 12/2020 - 04/2021

- **Bug Fixing & Stability Improvements:** Resolved critical bugs, cut crashes by 40%, and improved stability by 60%.
- **Knowledge Sharing & Documentation:** Led documentation, mentoring, and sessions—boosted team efficiency by 25%, onboarding time cut by 50%.
- **Key Achievement:** Built a custom React + TypeScript component library, ensuring code consistency and reusability.

SKILLS & TECHNOLOGIES

React.js, Next.js, Typescript, Javascript(ES6+), Redux
Upper intermediate

SCSS, Material UI, Styled Components
Upper intermediate

Lazy Loading, Memoization, Code Splitting, SSR
Upper intermediate

Redux Toolkit, Context API
Upper intermediate

REST, Axios, WebSockets
Upper intermediate

Git, Github
Upper intermediate

Postman, Figma, Jira, Swagger
Intermediate

EDUCATION

Army Institute Of Technology, Pune
Pune • 06/2015 - 04/2019

Bachelor of Engineering: Electronics And Telecommunication

- Graduated from Army Institute of Technology (AIT), Pune, excelling in a disciplined, military-influenced environment.
- Engaged with diverse peers, building valuable professional relationships and networking opportunities.
- Utilized advanced facilities and participated in co-curricular activities, enhancing leadership and teamwork skills.

PROJECTS

1. AI-Powered PDF Analyzer (React + AI Integration)

AI-powered web tool to parse and summarize PDFs via Cohere's NLP API, enhancing readability and saving review time.

Technologies

- React.js, Next.js, TypeScript
- Node.js
- Axios, cohere-ai, pdf-parse, react-dropzone, react-hot-toast
- SCSS, Material UI

Demo: https://ai-pdf-analyzer-beta.vercel.app/

2. Hello Chapter - Home Renovation Company

A home renovation project focused on creating spaces that reflect clients' evolving needs and dreams.

Technologies

- React.js, Next.js, TypeScript
- Redux Toolkit, Axios
- SCSS, Material UI
- Smart Web Components, Draft.js

Responsibilities

- **Sprint Planning and Task Estimations:** Led sprint planning sessions and task estimations, resulting in a 20% increase in project completion rate and a 15% reduction in deadline overruns.
- **Code Reviews:** Conducted code reviews to ensure code quality, contributing to a 25% reduction in post-deployment bugs and enhancing project success rates.
- **Team Collaboration:** Engaged in discussions, meetings, and collaborations with team members, which enhanced project alignment and increased productivity by 30%.
- **Bug Resolution and UI Refinement:** Resolved critical bugs and refined UI components, improving user experience scores by 40% and increasing user retention by 20%.

3. CCR Solutions - Audio Visual Staging

An Audio Visual Staging project aimed at providing top-quality products and services across North America.

Technologies

- JavaScript, React (class components), Redux
- NPM packages - AG Grid, React Big Calendar, React Gantt Timeline

Responsibilities

- **UI Design Enhancement:** Improved UI design, increasing user engagement by 35% and customer satisfaction by 25%.
- **Application Functionality:** Resolved critical issues, reducing system downtime by 50%.
- **UI Refinement for User Interaction:** Enhanced table layouts, boosting task completion efficiency by 30% and reducing user-reported issues by 20%.

SKILLS

- Team Leadership
- Experience with Agile Frameworks
- Strategic Project Planning
- Cross-Functional Collaboration
- Performance optimization
- Project management
